LANGUAGES

French : native

English : C1

PROFILE

Product Designer with 6 years of experience. I design experiences that hold up — both in depth and in form — from user research through to production.

I'm comfortable with complex business products like SaaS and CRM: balancing business logic, technical constraints and simplicity of use. I also enjoy innovation projects and AI POCs, where you move forward with uncertainty without compromising on design quality.

I like making interfaces accessible and consistent, sharing knowledge by mentoring junior designers and apprentices, and staying close to technical challenges.

EXPERIENCE

Product Designer — *Blue Soft*

since 2020

Design Systems

- Contributing to the Blue Soft Digital Factory's design system
- Designing a design system for a client across three products
- Designing a multi-brand design system for a telecoms operator

Healthcare & Non-profit

- Télédiag: mentoring a designer on the visual redesign of a showcase website
- BVDF: initiating the redesign of the patient care pathway
- AFM Téléthon: designing an iOS/Android app for beneficiaries

Real Estate & Finance

- SERGIC: designing tenant, owner and property management company spaces
- NOVAXIA: subscription journeys for SCPI and 150-0 B ter investment products

Transport & Mobility

- Chabé: facilitating a design workshop for a B2C self-service booking journey; designing the partner portal

Mentoring

- Coaching junior designers and apprentices

UX-UI Designer — *Société Générale*

2019–2020

(work-study — Master's Year 1 in UX/UI)

- Sole UX/UI Designer within the Knowledge Management team
- Designing internal communication tools, particularly on SharePoint
- Improving the document space and the employee onboarding journey
- Active involvement in Société Générale's design community
- Contributing to cross-functional innovation projects

Graphic Designer — *Terreal*

2018–2019

(work-study — Bachelor's in Graphic Design)

- Sole graphic designer within the communications team
- Designing product catalogues
- Creating commercial materials for sales teams
- Producing POS materials for a building industry trade fair
- Photographing buildings for social media and communication materials
